

AUTHORITIES GEAR ROTATING HOLDER SYSTEM

- Different color options
- Ultra-light and durable construction
- Different material options
- PALS/MOLLE compatible
- Attach/detach without unbuckling

Excellent usability with rotating holder system

The AUTHORITIES GEAR ROTATING HOLDER SYSTEM is developed for modern users! The angle of the holder can be switched quickly 360° without removing the holder and without any separate tools in 11 different positions according to the user's needs. The adjustment mechanism is extremely thin, lightweight and integrated in the fastening so that the holders are as close to the body as possible. The Authorities holder can be attached both to equipment belts and to PALS / MOLLE fasteners.

This design is protected by international law (Registered Community Design (RCD)). For more information about rotating holder system and other Authorities Gear products please visit www.authoritiesgear.eu or contact sales@authoritiesgear.com.
